M^r L. C. Corbett
U.S. Depart of Agriculture
Washington DC

Dear Sir

As per your Request
on your letter of April 20/28
I am sending you this
letter you can use the
list of the Varieties of
Trees mentioned in the left
Column as the one I have
in my Nursery and Orchard
I have now on Experiment
Apple on Japan Pear Stock
growing well
a Gating Pear on same stock
Portugal Quince
Apricot and Peach on plum stock
of course you can't expect
any Result Before another
year.

Yours Very Truly
G. Rondeau
